Notes:

Thank you for your interest in the Centre County Affordable Housing Coalition. We are a group of volunteers that are working towards safe, affordable, and accessible housing within Centre County. Our membership spans across developers, banks, planning offices, human service agencies, churches, and individuals.

Our initiative is to promote, educate, and support affordable housing. Our Coalition has written letters of support for programs in the area; we have provided educational sessions on a variety of housing topics; we have developed an affordable housing toolkit that the Department of Housing and Urban Development has sent out nationally; and we work on relationships within county, municipality, and township leaders to address affordable housing. Our hope is to continue the development of affordable housing programs within the county.

Please feel free to attend one of our meetings to further your education about our coalition. You can also visit our website at <http://www.ccaffordablehousingcoalition.org/>
